

Indicator Flags & Reflectors

Dear Members,

In an effort to enhance your golfing experience we are installing Indicator flags and flag reflectors for your range finders.

Indicator flags (located below the main flag) serve to give an indication on the main flags position on the greens and are color coded as follows;

Red = Front 1/3 of the green

White = Middle 1/3 of the green

Blue = Back 1/3 of the green

Enjoy your golf!
